Hello Family and Friends,

Thank you for all your prayers and thoughts. Just wanted you to know that all your prayers are helping tremendously. Fritz had surgery on Friday (9/14) afternoon. He had his breathing tube taken out today and was sitting up in a chair for almost 2 hours (don't waste anytime) Will probably take more tubes out tomorrow and probably will go into a regular room. He also told me and Kari to go home this morning after tube was out, but of course, we had just gotten there. But when he said it this evening, we had no problem going home earlier than nights previously. So all is good and he is a strong man. Remember he as an IRON worker (ha!ha!) Must have gotten some of that in his system somewhere.

Riding season will be a little shorter now this year. But there is now a brighter next year.

Thank all of you for your concerns. It great to know that we have great family and friends.

We love all of you and I will keep you posted on new updates. I know he will appreciate a phone call after he is home for about a week. Do not be surprised if you get a busy signal though. He dropped the call waiting at home. Please be patient. (Home ph: 630-894-6165)

Flowers are not necessary. Please just keep him in your thoughts and prayers.

I am doing fine. Now is probably the hard part for me (ha!ha!) I will be off of work all next week and if necessary longer. I work only 5 mins. away. I will come home at lunch to check on him.

I know he will probably be glad for me to be gone so he can rest and watch whatever he wants on TV.

He loves his remote.

Thank you all again and I will be in touch.

Love, Carol Goins
